Key Indicator 1.1	Curriculum Design and Development
Matrix 1.1.2	The Programmes offered by the institution focus on employability/ entrepreneurship/ skill development and their course syllabi are adequately revised to incorporate contemporary requirements

1.1.2 - Total number of courses having focus on employability/ entrepreneurship/ skill development offered by the University during the year

ITM University Gwalior offers a wide array of courses across various disciplines, each with a focus on employability, entrepreneurship, and skill development.

In the field of Engineering, the B.Tech programs including Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering, Civil Engineering, and Electrical Engineering incorporate practical training, industry-relevant projects, and internships to equip students with hands-on experience and technical skills demanded by the industry. Courses in these disciplines often include modules on project management, design thinking, and innovation, preparing students for careers in engineering and technology-driven sectors. Additionally, specialized workshops and seminars on entrepreneurship and startup incubation are often organized to foster an entrepreneurial mindset among engineering students.

The Master of Business Administration (MBA) program focuses on developing managerial and leadership skills essential for entrepreneurship and corporate roles. It includes courses in entrepreneurship, business development, strategic management, and innovation management, providing students with a comprehensive understanding of business fundamentals and equipping them with the knowledge and skills needed to succeed in dynamic business environments.

The Master of Computer Applications (MCA) and Bachelor of Computer Applications (BCA) programs offer specialized training in software development, programming languages, and emerging technologies, enhancing students' employability in the IT industry. Similarly, courses in B.Sc. (Hons.) Biotechnology, B.Sc. (Hons.) Food Technology, and B.Sc. (Hons.) Microbiology provide students with practical skills and knowledge required for careers in the biotechnology and food industries.

Finally, ITM University Gwalior's diverse range of programs prioritize employability, entrepreneurship, and skill development, ensuring that graduates are well-prepared to meet the demands of the job market and make meaningful contributions to their chosen fields.
