Recommendation of Academic Audit:

1. Availability of Electives, Discipline Electives are also rather limited. Subject to feasibility, the choice of electives under CBCS should be widened to provide more flexibility to students to develop desired competencies/promote inter-disciplinary learning.
2. Policy for Electives/Choice Based Credit System *should* be developed to meet the industry requirements.
3. Outcome Based Education (OBE) should be effectively implemented and continually appraised. Outcome Based Education (OBE) workshops should also be conducted.
4. Policy for Outcome Based Education (OBE) needs to be created at the earliest.
5. Value added courses (VAC) should be of 30 hour duration, be outside the curriculum.
6. Policy on *Teaching Learning* and Value Added Courses (VAC) needs to be developed at the earliest.
7. Introduce the system of obtaining structured feedback from all stakeholders on a regular basis.
8. Orientation Programs should be more focused to acquaint the students with Campus/Hostel life, facilities available, teaching learning process, training & placements, student welfare activities, counselling/mentoring etc. so as to help foster a level of comfort.
9. Counselling/Mentoring activity should be intensified to resolve social, personal or emotional problems of students.
10. Policy on Interventions for slow and advanced learners needs to be developed.
11. LMS when adopted can also provide the attainment matrix of CO/PO attainments based on OBE framework.
12. There should be formal system of sanctioning research projects based on the projected number of students for the ensuing academic year.
13. Orientation programs for all new faculty and staff members should be held and records should be maintained.
14. COE should formulate a structured Standard Operation Procedures (SOP) Manual or Guidelines to standardize the examination and evaluation processes/procedures.

UNIVERSITY

"CELEBRATING DREAMS"

15. The examination scheduling process is found to be in order. However, this process could be fully automated once the appropriate ERP system is implemented.
16. Faculty should be encouraged and incentivized to secure awards/recognitions.
17. University must aid and assist NCC/NSS activities to promote social work in the community by the students.
18. There is an immediate need for a campus wide Wi-Fi network of at least 1 GBPS bandwidth.
19. The University should also develop Smart Classrooms.
20. The University Library should be made fully automated with requisite hardware.
21. The University should establish a Student Council which will not be an elected body. The selection in Student Council will be purely based on merit.
22. There is a dire need of a career counselor to fulfill the expectations of the students.
23. It is suggested that the University should ensure the formal registration of its Alumni Association to give it a legal entity and an Alumni Relationship Coordinator should be duly appointed.
24. The University should enter in collaboration with global universities to have joint research and faculty/student exchange mechanisms.
25. There should be a professional mechanism for counseling of students especially girl students to ensure their well-being.
26. The University may also consider installing motion sensors in classrooms/washrooms/labs to automatically switch off lights when not in use.
27. Student Eco Club should be formed to take initiatives for keeping the campus clean, green and litter free.

"CELEBRATING DREAMS"

The selection in Student Council will be purely based on merit.

18. There is a dire need of a career counselor to fulfill the expectations of the students.
19. It is suggested that the University should ensure the formal registration of its Alumni Association to give it a legal entity and an Alumni Relationship Coordinator should be duly appointed.
20. The University should enter in collaboration with global universities to have joint research and faculty/student exchange mechanisms.
21. There should be a professional mechanism for counseling of students especially girl students to ensure their well-being.

Recommendation of Academic Audit:

1. The formal structure of curriculum development process and various bodies and sub bodies needs to be properly defined.
2. Availability of Electives, Discipline Electives are also rather limited. Subject to feasibility, the choice of electives under CBCS should be widened to provide more flexibility to students to develop desired competencies/promote inter-disciplinary learning.
3. Policy for Electives/Choice Based Credit System *should* be developed to meet the industry requirements.
4. Value added courses (VAC) should be of 30 hour duration, be outside the curriculum.
5. Policy on Teaching Learning and Value Added Courses (VAC) needs to be developed at the earliest.
6. Introduce the system of obtaining structured feedback from all stakeholders on a regular basis.
7. Orientation Programs should be more focused to acquaint the students with Campus/Hostel life, facilities available, teaching learning process, training & placements, student welfare activities, counselling/mentoring etc. so as to help foster a level of comfort.
8. Counselling/Mentoring activity should be intensified to resolve social, personal or emotional problems of students.
9. Policy on Interventions for slow and advanced learners needs to be developed.
10. LMS when adopted can also provide the attainment matrix of CO/PO attainments based on OBE framework.
11. There should be formal system of sanctioning research projects based on the projected number of students for the ensuing academic year.
12. COE should formulate a structured Standard Operation Procedures (SOP) Manual or Guidelines to standardize the examination and evaluation processes/procedures.
13. The examination scheduling process is found to be in order. However, this process could be fully automated once the appropriate ERP system is implemented.
14. Faculty should be encouraged and incentivized to secure awards/recognitions.
15. University must aid and assist NCC/NSS activities to promote social work in the

community by the students.

16. The University should also develop Smart Classrooms.
17. The University Library should be made fully automated with requisite hardware.
18. The University should establish a Student Council which will not be an elected body. The selection in Student Council will be purely based on merit.
19. There is a dire need of a career counselor to fulfill the expectations of the students.
20. It is suggested that the University should ensure the formal registration of its Alumni Association to give it a legal entity and an Alumni Relationship Coordinator should be duly appointed.
21. There should be a professional mechanism for counseling of students especially girl students to ensure their well-being.
22. The University may also consider installing motion sensors in classrooms/washrooms/labs to automatically switch off lights when not in use.
23. Analyse of the final placements of students and identified the weak areas so that strategies for improvement will be developed.
24. Record of student's achievement should be maintained.
