MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (hereinafter called the 'MOU') is entered into this April 2023 by and between

Department of Electronics & Communication Engineering, School of Engineering & Technology (SOET) ITM University Gwalior (FIRST PARTY), and Dhiyotech Private Limited, Bhopal MP India (SECOND PARTY).

WHEREAS:

- A) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- B) The Parties intend to cooperate and focus their efforts on cooperation within the area of Skill-Based Training, Education, and Research.
- Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

Now, therefore, in consideration of the mutual promises outlined in this MOU, the parties hereto agree as follows:

Clause 1 - Co-Operation

- Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching/training systems, keeping in mind the needs of the industry, the Second Party.

Clause 2 - Scope of the MOU

The budding graduates from the institutions could play a key role in the technological up-gradation, innovation, and competitiveness of an industry. Both parties believe that close co-operation between the two would be of

Page | 2

major benefit to the student community to enhance their skills and knowledge.

2.2 Curriculum Design: Second Party will give valuable inputs to the First Party in teaching/training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

- Industrial Training & Internships: Industry and Institution interaction will give an insight into the latest developments/requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- Research and Development: Both Parties have agreed to carry out joint research activities in the fields of Computer Science and IT domain.
- 2.5 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in-house requirements.
- 2.6 **Study Abroad Opportunities:** Second party to extend the required guidance, mentorship and support to provide study abroad opportunities to the students of the first party.
- 2.7 Placement of Trained Students: Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs, and will facilitate placements for the students.
- 2.8 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Program on the terms specified herein.
- There is no financial commitment mentioned in the MOU. Financial consideration for Faculty development programs, Students' skill development program, study abroad opportunities, it will be dealt with separately as per mutual agreement of both parties.
- 2.10 Financial arrangements (if any) for each specific collaboration will be decided on a case-to-case basis and brought on record in each case after due approval from heads of both the institutions.
