and Social Sciences**

ITM UNIVERSITY GWALIOR

Vol. - IV

Advances in
Sciences,
Engineering
and
Social Sciences

Preface

In the dynamic landscape of human endeavor, the realms of science, engineering, and social sciences stand as pillars of progress, shaping the contours of our collective future. The pursuit of knowledge and innovation in these fields continually reshapes our understanding of the world and empowers us to address the myriad challenges facing humanity.

This compilation, “Advances in Sciences, Engineering, and Social Sciences,” represents a testament to the ceaseless quest for excellence and discovery within these disciplines. As editors, it is our privilege to present a diverse array of contributions from esteemed researchers, scholars, and practitioners, each offering unique insights and perspectives that collectively enrich our understanding of the world.

Within these pages, readers will embark on a journey through the latest breakthroughs and developments spanning a wide spectrum of topics. From cutting-edge discoveries in quantum computing to sustainable engineering solutions tackling environmental challenges, and from nuanced explorations of societal dynamics to innovative approaches in governance and policy-making, this compilation reflects the multifaceted nature of human inquiry and ingenuity.

We believe that the exchange of knowledge and ideas fostered by this collection will not only inspire further innovation but also catalyze meaningful dialogue and collaboration across disciplinary boundaries. By fostering an interdisciplinary approach to problem-solving and inquiry, we can leverage the collective wisdom of diverse perspectives to address the complex challenges of our time.

As editors, we extend our heartfelt gratitude to all the contributors whose dedication and expertise have made this compilation possible. Their commitment to excellence and their passion for advancing knowledge serve as beacons guiding us toward a brighter, more prosperous future.

We invite readers to delve into the pages of “Advances in Sciences, Engineering, and Social Sciences” with curiosity and open minds, ready to explore the frontiers of human knowledge and innovation. May this compilation serve as a catalyst for further exploration, discovery, and collaboration, propelling us ever closer to realizing the boundless potential of human endeavor?

Part-1

Contents

Performance Analysis Of Big Data	11
Higher Education In The Era Of Artificial Intelligence	15
Advancements In Sentiment Analysis Through Deep Learning Techniques.....	21
Advancements And Implications Of Smart Technologies In Livestock Farming: A Comprehensive Review.....	28
Examining The Global Landscape Of Smart Technologies In Agriculture.....	35
Sales Prediction Using Multi-Variable Linear Regression.....	40
Significance Of Cyber Security In Present Scenario.....	50
Call Detail Record Analysis System Using Machine Learning.....	57
Speech Emotion Recognition System.....	61
Privacy Preserving Model On Cloud Computing For Big Data Feature Learning.....	65

Secure Data Storage Challenge In Cloud Computing For 2FA Technique.....	70
Obstacles To Iot Application In Healthcare And Medicine	76
Ensemble Learning Technique For Anomaly Detection In Cyber security	82
Cloud Computing And Its Emerging IT Platforms For Business Development	90
Adoption Of Cryptocurrencies And Blockchain Technology Security Issues Challenges: Needs Of Regulatory In India	97
A Novel Cloud Computing Approach To Enhance Access To Patients' Medical Records At Government Hospitals	109
E-Commerce Security: Adapting To Emerging Threats And Trends	115
Navigating The Internet Of Things (Iot): A Deep Dive Into Networking Protocols	119
Plant Disease Identification Using Image Processing And Deep Learning.....	123
Methodologies And Challenges In Sentiment And Emotion Analysis Applications	129

A Comprehensive Study Of Innovations And Methodologies For Enhanced Residential Living	135
Robotics And Automation In Agriculture Farming: Revolutionizing Tasks For Sustainable Production	139
Block chain For Food Traceability And Supply Chain Management: A Paradigm Shift In Ensuring Food Safety And Quality	142
Digital Harvest: Advancing Farming With Computer Science Technology	145
The Use Of Sensors, Drones And Data Analytics In Precision Agriculture	148
Opinion Mining And Sentiment Analysis In Social Media: A Necessity	151
Leveraging Iot For Enhanced Healthcare Services	157
Nature-Inspired Techniques For Glaucoma Diagnosis: A Review	163
Effectiveness Of Machine Learning Techniques For Diagnosing Glaucoma	168
Iot Based Wireless Controlled Smart Transportation System	173

Air Pollution Prediction System For Smart City Using Data Mining Technique	178
Smart Water Controller	182
Development Of Real Time Internet Of Things (Iot) Based Water Quality Monitoring System...	186
Online Course Registration	189
Smart Parking Systems Comprehensive Review Based On Various Aspects	194
Analysis Of Artificial Neural Network: Architecture And Its Type Types	199
And Overview Of Cybercrime And Its Impact On The Indi-An Economy Of India	202
Unlocking The Potential Of Tiny ML: Bridging AI And Iot For Ubiquitous Intelligence	206
Deep Learning-Based Detection Of Hate And Fake News In The Ram Mandir Controversy ...	210
Deep Learning Aided Sentiment Analysis For Human Emotion Recognition	214
Advancements In Sentiment Analysis Through Deep Learning Techniques	222

A Machine Learning Perspective On Fake News Detection	229
Deep Learning Approaches For Hate Speech Detection	235
Wireless Sensor Network Security Issues On Data Link Layer And State-Of-The-Artwork ...	240
RGB Color Image Encryption-Decryption Using Image Segmentation	245
Media Player Using Hand Gesture Recognition	250
A Unified Approach To Threat Modeling	254
Unlocking smart Living: Arduino's Role In Home Innovation	258
Monitoring Water Quality Remotely Through Wireless Communication	261
Exploratory Crime Data Analysis: An Insight Into Crimes Of USA	267
An Exploratory Analysis On CO2 Emission In India	273
Cryptography In Cloud Computing	278

Home Automation And Security Control By Using Iot	282
Design And Implementation Of Women Auspice System Utilizing GPS And GSM	285
Cooperative Communication Versus Non- Cooperative Communication	288
Modern Footstep Power Generation	291
Design And Execution Of The Inverse Fast Fourier Transform And Fast Fourier Transform On FPGA	294
Analysis And Design Of Four Users Optical Communication System	297
Analysis And Design Of Vehicular Ad-Hoc Network (VANET)	301
Integration Of 6 Lowpan IOT Gateway With Wireless Sensor Network To Enhance Energy Efficiency	305
Analysis Of Cognitive Radio Networks In The Presence Of Primary Users	308
The Embedded Car Design With A Microcontroller	311

Assessment Of Electric Vehicle Models Based On Photovoltaics For Integration Into Distribution Network Of Ev's	314
Enhancement To Start Grid Technology And A Next Generation Intelligent Power Grid.....	318
Smart Solar Photovoltaic Remote Monitoring System Based On The Internet Of Things	323
Problems, Solutions, And Prospects For The Future Of Electrical Transmission System Congestion Management	327
A Thorough Examination Of Electrical Power Distribution Networks: Obstacles, Technology, And Proposed Developments	332
Issues And Solutions With Available Transfer Capability Management In Electrical Transmission System.....	336
Role Of Congestion Management In Power Sector: An Overview	340
The Problems And Possible Solutions Of Electrical Transmission System Transfer Capability Management	345
Solid Waste Management	349
Soil Pollution And Its Harmful Effects	352

Soil Stabilization	356
Remote Sensing And GIS Technologies In Use Of Soil	359
Application Of Additive Manufacturing Technology In The Medical Industry	362
Rejection Minimization In Parabolic Leaf Spring Manufacturing	369
Multi-Objective Optimization Of Turning Operation Of Stainless Steel Using A Roulette Wheel Optimization Algorithm	374
Particle Swarm Optimization And Wire Electrical Discharge Machining	380
Innovative Traffic Management Techniques In Urban Planning	385
Improving Automatic Radiator Performance Through Nanofluid-Based Heat Transfer Enhancement Coupled With Pipeline Incorporation Of Phase Change Materials	392
A Comprehensive Study On A Household Refrigerator With A Pem-Enhanced Condenser: Experimental And Numerical Approaches	397
A Study On Vibration Assisted Magnetic Abrasive Finishing	401

A Review Study On Risk Management In Construction Projects	405
A Review Study On Damage Pre-Stressed Concrete Bridge Girder	409
An Overview Of Functionality Graded Materials	413
Weak Fault Diagnosis In Roller Bearing Using Ultrasonic Diagnostic Technique	424
Vibration Based Bearing Condition Monitoring Methods And Signal Processing	429
Design, Analysis, And Fabrication Of A Snake Inspired Robot With A Rectilinear Gait	433
Jatropha Biodiesel Fuelled Single Cylinder Agriculture Engine	438
Split Refrigeration System	444
Development Of High Earlystrength Concrete For Accelerated Bridge Construction Closure Pour Connections	448

Part-2

Contents

A study on impact of work stress on work ability of employees	7
A study on financial analysis using ratio analysis of hcl technologies	14
The perception of small-scale farmers on the role of organic farming in andhra pradesh.....	20
The effect of celebrity endorsement on customers attitude towards the brand towards partial fulfillments of requirements of master of business	27
The decision-making environment: a landscape of certainty and uncertainty ...	35
Rural development through agri entrepreneurship orientation	39
Work from home vs. Work from office: a comparative study towards job satisfaction	46
The art of anticipation - demand forecasting in business.....	52
Inflation: causes, consequences, and cures	56
Modifications implemented by rbi in the indian banking system to mitigate the effects of covid-19.	60
Influence of green hr policies and practices towards wellbeing, sustainability and environmental improvement	64
Employee training & development and employee performance are major indicators towards organisational development in employee perspective	70
An analytical study on relationship between employee motivation and job satisfaction at government and private hospitals, gwalior	77
Mastering the art of efficiency: a deep dive into six sigma	84
Basics of data & information	88
Modifications implemented by rbi in the indian banking system to mitigate the effects of covid-19	92
Understanding depreciation: concepts, methods, and implications	96
Understanding accounting standards: a comprehensive overview	100
Unveiling the elements of cost: a cost accounting journey	103
Artificial intelligence vs. Emotional intelligence: a dance of logic and empathy	107

Credibility, trusts & knowledge as predictor of brand acceptance.....	111
Ethical dilemma and accountant, conceptual analysis	115
Mergers and acquisitions in india- impact on firm performance	118
Building the best team: recruitment and selection in the modern workplace...	122
Green buildings as a measure towards sustainable development.....	127
Online banking services as a sustainable business model.....	131
Fdi theories in international business.....	139
Service recovery: strategies for effective customer resolution	143
Introduction to marketing research	147
Navigating the rapids: recent trends reshaping supply chain and logistics in 2024	151
Diving into the digital age: an introduction to digital marketing	155
Business ethics.....	159
Business environment.....	164
Recruitment.....	169
Job analysis.....	174
Green hrm: promoting sustainability in businesses	178
The significance of emotional intelligence in leadership efficiency and mindfulness.....	181
Capital budgeting.....	185
Cost of capital	189
Analyzing market volatility patterns: a garch approach to assessing nseindex dynamics in the indian stock market.....	192
Decrypting cryptocurrency: exploring systematic risks in market dynamics ..	199
Employee engagement: essential for sustainable development of organization	203
Strategic role of hr in enhancing organizational competitiveness in the global market	209
Navigating the productivity landscape: insights into work-from-home dynamics	216

Towards sustainable organizational practices: integrating green human resource management (hrm).....	221
Changing trends in consumer behavior in india: challenges and opportunities	226
The landscape of digital marketing in india.....	232
Dividend policy and capital structure - an indian perspective	238
Principles of banking & indian banking system	241
Introduction to macroeconomics and national income	246
Money market vs capital market.....	250
An overview of genetically modified crops in india	254
An overview of cyber crime	264
Capital punishment: position in india	267
An empirical study of child labour in gwaliior city	273
A critical analysis of laws relating to child labour in india.....	279
Conflict of law and morality.....	284
Concept of the legitimate expectation doctrine.....	287
Gender imbalance in working life of women and challenges	290
From mandate to impact: examining corporate social responsibility in the indian legal framework.....	295
Human rights and ideologies of indian saints	299
Data protection and right to privacy in india	302
Intellectual property rights in indian agriculture: challenges, controversies, and policy implications.....	305
Victimization of women in the cyber-oriented world.....	309
The art of accessory design.....	327
Infusion of technology in visual merchandising	333
Urban fashion.....	337
The environmental and sociological aspects of urban planning – following gedddees’ footsteps	340
Planning for urban agriculture: a key to attain sustainable development.....	353

Achieving sustainability through responsible water use in sports	361
Fostering inclusive learning environments: the vital role of multidisciplinary education in special education	365
Yoga for differently abled person	377
The path to a stress free life	383
India's path to sustainable development: embracing the un sustainable development goals	387
Introducing disability knowledge across the physical education curriculum: an infusion methodology	393
Motivation of individuals with disabilities for participation in wheelchair basketball	399
The effect of floorball on the physical fitness level of differently abled person	404
Differently abled & physical education	416
Women & leadership	425
Autism spectrum disorders: advances in assessment & intervention	427
Psychological consequences of social media on students	435

Part-3

Contents

A Review Assessment on the Multipurpose Uses of Papain-A Plant Proteolytic Enzyme.....	1
Process Optimization in the Manufacturing of Protein Bar	13
Transistor curve tracer	37
Bioactive Secondary Metabolites Isolated from Endophytic Microorganisms	53
Prevalence and Antimicrobial Susceptibility Pattern among Uropathogens	64
Wheat Grain (Potential Source of Antioxidants)	87
Mapping of Annual Sun Path for Tracing of Analemma	108
Genome Editing: An Overview	128
Industrial Application of Endophytic Microorganism....	136
Water Treatment Plant (WTP) & Reusable/Returnable Glass Bottle (RGB) in HCCB Plant.....	149
Preparation of Bee Pollen Butter	160
Pharmaceutical and Nutraceutical application of bioactive metabolites	171
A Comparative Study for the Biofuel Production: A Review	185
Formulation and characterization of Herbal Syrup.....	201
Phytochemical Screening of pharmacologically important Mentha Piperita extracts.	218

Antibacterial Activity and Phytochemical Analysis of Dry Leaf Extracts of <i>Murraya koenigii</i> : A Comparative Study	235
Effect of Abiotic stress on seed germination, early plant growth and its molecular analysis.	268
Smart Irrigation System Using Soil Moisture Sensor and Arduino Nano.....	287
Free Electricity Analysis by Collecting Data and Using Simulation of Vertical Axis Wind Turbine near Railway Tracks.....	309
Artificial Intelligence in Pharmaceutical and Health Care Research.....	321
Transethosomes for Transdermal Drug Delivery	327
PK-PD and Pharmacovigilance aspects in Ayurvedic Medicine	333
The Intersection of COVID-19 and Sudden	339
Cardiac Arrest: Understanding the Risks and Implications	339
Mr-Gadolinium Dye Used in MRI Side Effects	346
Papain, a plant enzyme of biological importance: A review	352
Stability Indicating Bioanalytical Method for the Estimation of Metformin Hydrochloride in Human Plasma	359
UPLC-DAD Method Development and Validation for the Estimation of Apalutamide in bulk and its Pharmaceutical dosage form.....	367

Innovative and Emerging Trends in Pharmacognosy	373
Swiss ADME: a free online tool to assess small compound's pharmacokinetics drug likeness, and medicinal chemistry friendliness	380
Investigating bioactive compounds obtained from plants for the treatment of diabetes	386
Niosomes: Current Status and Their Prospects.....	396
Innovative and Emerging Trends in Pharmacognosy	404
Polymers involved in Ocular Drug Delivery Systems	411
Traditional herbal treatment for mouth ulcer	416
<i>In silico</i> inhibition studies of some phytoconstituents of stem bark of <i>Azadirachta indica</i> on p38 α MAPK associated with Psoriasis	420
Use of Proniosomes in Transdermal Drug Delivery Systems – An Update.....	425
Role of Polymeric stabilizers for drug Nanocrystal dispersions.....	432
A Case Report on Pemphigus Vulgaris with Microcytic Hypochromic Anemia and Relative Neutrophilia.....	439
A Case Report on Co-Occurrence of Duchene Muscular Dystrophy and Scoliosis	444
Investigating the Poorly Water-Soluble Drug to Improve Solubility and Bioavailability	448
In-Situ Biodegradable Implantable Drug Delivery System	460
Nanoparticles in Drug Delivery System	469
Floating Drug Delivery System in Peptic Ulcer Disease	475

Anti-Oxidants- Nutritional and Therapeutic Applications	482
Biosensors: Design, Development and Applications.....	500
Analytical Method Development and Validation by Rp- Hplc for Determination of Methylphenidate in Bulk Dosage Form Economically.....	509
Modified Ultra Violet Spectrophotometric Method, Method Validation and Accelerated Stability of Silymarin	513
Bio-adhesive buccal drug delivery systems: State of Formulation and Assessment as of now.....	518
Niosomes in Novel Drug Delivery System: A Promising Frontier in Pharmacy.....	525

Part-4

Contents

Comprehensive Cultivation Practices of Cauliflower	1
Polyembryony and its importance.....	7
Vegetable Grafting: A practical strategy to addressing abiotic stress.....	11
Eco-Friendly Approaches for Sustainable Pest Management	17
A Comprehensive Approach to Better Health and Social Advancement through Bio-Farming	22
Plant Growth analysis	27
Status of Pollinators in Agriculture and Other Flowering Plants	36
Vernalization and its application in horticultural crops	43
Moringa leaf powder to replace the ration of chicken	51
Impact of Panchagavya on soil fertility.....	59
Infiltration	65
The protein from green gram (Vigna radiata) seeds	71
Salt affected soil and its management.....	87
Trends of Agronomical Practices to Conserve the Soil Erosion	.95
Role of Nano fertilizers in horticultural crops	101
Rain Water Harvesting Through Rooftop Water Management Technique.....	106
Phytoremediation: A Remedy for Probmetic Soil- Review Paper	112
Third Generation of Genetically Modified Crops	120
Cultivation of Milky Mushroom	125

Soil Health and Soil Quality	131
Soil profile	136
Insect Pests of Beverage Yielding Plants and Their Management	142
Soil pollution.....	149
Bio Herbicide for Eco-Friendly Weeds Management.....	155
Climate Change and its Implications on the Livelihood of India	163
Insect Pests of Cashew Nut and Their Management.....	169
The significance of doubled haploids in improving vegetable crops.....	176
AI for Sustainability in Agriculture	182
Soil Pollution by Heavy Metals and Their Accumulation in foodstuff: A Review.....	187
Sustainable management practices for climate-smart cotton (Gossypiumherbaceum) crop production.....	197
Digging into Success: Potato Cultivation Practices	202
Nanotechnology for Sustainable Agriculture.....	208
Role of soil structure on Plant growth.....	213
Cyclic antioxidant Competency Of Various Organs Of The Moringa Oleifera Plant.....	218
Digging into Success: Comprehensive Potato Cultivation Practices	227
Banded Leaf and Sheath Blight (BlSB) Disease of Maize	243
Invasive Alien Insect Pests; Challenges in India and Their Management.....	247
Artificial Intelligence in Horticulture: Current Situation and	

Prospects	254
Study of Indigenous Water Lifting Devices.....	260
The Thiogram of Crossbred Calves Fed on Buffers Added Diet	266
Weathering	277
Trends in Child Health Nursing	282
Trends in Midwifery and Obstetrics	288
Current Trends in Community Health Nursing.....	293
Ethical and Legal Issues in Child Health Care.....	298
Trends in Surgical Nursing	305
Trends in Nursing Administration	309
Current Issues in Mental Health Nursing.....	314
Issues and Challenges: Forensic Nursing.....	320
Current Status and Challenges of Community Health Nursing	328
Medical Issues in Nursing.....	333
Current trends in clinical practice of midwifery	336
Current Issues in midwifery clinical practice.....	339
Developmental Psychology.....	344
Implementing Emotional Intelligence in Nursing	349
Adolescent Health and Development.....	355
Defining Research Problem	361
Importance of Research Methodology and Types of Research Methodology	365
Research Process.....	371
Defining Research Process & Steps of Research Process	371
Play Therapy in Child Health Nursing.....	377

Home Visit in Community Health Nursing.....	381
Understanding Job Readiness: A Comprehensive Review	385
Advancements in Hypertension Care: A Comprehensive Review	390
Enhancing Diabetes Care: A Multifaceted Approach	394
Sports Health.....	397
Occupational Health.....	400
Disaster Management.....	406
Say Yes to Dietary Fiber	410
Eye Donation, Importance and Awareness in Public.....	418
AI-Powered Diagnostic Instrumentation In Optometry: Revolutionizing Eye Care	424
Effect of Biological and Radiological Warfare.....	432
Expanding Horizons: Tele Optometry’s Impact on Remote Eye Care Access.....	438
Physiotherapy Interventions for Work-Related Musculoskeletal Disorders: A Comprehensive Review	446
Physiotherapy Practice in Intensive Care Unit.....	452
Kangaroo Mother Care.....	461
Human Values.....	471
Menstrual Hygiene.....	476
Understanding the Economic Dynamics of Healthcare: A Comprehensive Review	481
CPR.....	485

Part-5

Contents

Vegetable Grafting: A Practical Strategy to Addressing Abiotic Stress	1
Plant Lipidomics	7
Polyploidy for Crop Improvement.....	12
Decoding Humanity: The Epic Saga of the Human Genome Project	17
Plant Glycomics	23
Rainwater Harvesting- A Sustainable Approach	26
Climate Smart Agriculture Towards Sustainable Development.....	32
Useful challenges to estimating the profit of agricultural Research and development in plant breeding program.....	39
Role of Root System Architecture for Water Use Efficiency in Wheat: Breeding Progress, Challenges and Prospects	45
Polyploidy Breeding: A Workable Approach to Crop Enhancement.....	51
Plant Genetic Resources and Its Utilization.....	56
Farmers Producer Organizations.....	60
Mass Multiplication of Trichoderma Species	65
Cropping Patterns.....	71
Leveraging Artificial Intelligence to Mitigate Crop Failure	82
The Need for Nutritional Security	88

Economic Empowerment through Agricultural Extension Services	93
Policy Perspectives in Agricultural Extension.....	107
Data Analysis Techniques for Extension Decision Making	121
Innovative Communication Channels for Agricultural Knowledge Transfer.....	136
Food-Grain Banking: Its Concept, Current State, and Effects in Indian Villages.....	150
<i>Trichoderma</i> Spp.: Harnessing a Potential Fungal Antagonist to Control Crop Diseases.....	157
Harnessing the Potential of Plant Growth-Promoting Rhizobacteria (PGPR) For Plant Health	165
Pesticide Management in India.....	173
Factors Influencing Pest Infestations: Biotic and Abiotic Perspectives.....	178
The Significance of Lac Culture in the Realm of Agriculture	182
Microbial Biopesticides for Insect Pest Management of Crops in India: Current Status and Prospects	187
Integrated Nutrient Management: A Approach to Environmental and Soil Health.....	190
Soils of India: Their problems and solution.....	197
Environmental Benefits by Implementation of Agroforestry Systems along with CropCultivation	206
Gene Pyramiding	212
Drought Stress in Plants.....	217

Salinity Stress in Plants.....	220
Polyploidy and its importance in plant breeding	224
The Protein from Green Gram (<i>Vigna Radiata</i>) Seeds... ..	228
Moringa leaf powder to replace the ration of chicken	242
Role of Nano Fertilizers in Horticultural Crops	249
Invasive Alien Insect Pests; Challenges In India And Their Management.....	253
Artificial Intelligence in Horticulture: Current Situation and Prospects	263
Insect Pests of Beverage Yielding Plants And Their Management.....	269
Cyclic Antioxidant Competency of Various Organs of the <i>Moringa Oleifera</i> Plant.....	276
Insect Pests of Cashew Nut and Their Management	284
Status of Pollinators in Agriculture and Other Flowering Plants.....	291
Rain Water Harvesting Through Rooftop Water Management Technique.....	300
Polyembryony and its importance	306
Role of soil structure on Plant growth	310
Vernalization and its application in horticultural crops..	315
Sustainable Management Practices For Climate-Smart Cotton (<i>Gossypiumherbaceum</i>) Crop Production.....	320
Infiltration	326
Comprehensive Cultivation Practices of Cauliflower.....	332
Impact of Panchagavya on soil fertility	338

Study of Indigenous Water Lifting Devices	343
Digging into Success: Comprehensive Potato Cultivation Practices	350
Trends of Agronomical Practices to Conserve the Soil Erosion	366
Digging into Success: Potato Cultivation Practices.....	372
Cultivation of Milky mushroom	378
Cultivation of Oyster Mushroom and storage Techniques	384
Phytoremediation: A Remedy for Probmetic Soil- Review Paper	389
Banded Leaf and Sheath Blight (BlSB) Disease of Maize	397
Soil Pollution by Heavy Metals and Their Accumulation in foodstuff: A Review.....	401
Bio Herbicide for Eco-Friendly Weeds Management	411
Salt Affected Soil and Its Management	419
Climate Change and its Implicationson the Livelihood of India	427
Plant Growth analysis	434
Eco-Friendly Approaches for Sustainable Pest Management.....	443
The Significance of Doubled Haploids in Improving Vegetable Crops.....	449
AI for Sustainability in Agriculture	455
Prebreeding: It's Application in Crop Improvement	461

A Comprehensive Approach To Better Health And Social Advancement Through Bio-Farming.....	467
Third Generation of Genetically Modified Crops.....	472
Nanotechnology for Sustainable Agriculture.....	477
Soil Health and Soil Quality	482
Soil pollution.....	487
Soil Profile	492
Weathering.....	497
Effect of Salinity Stress on Physiology of Plants	502
Effects of UV on Plant Growth and Development	508
Triacontanol: A Promising Plant Growth Regulator	513
The Growing Threat of Global Warming in India	520
The Importance of Micro-Nutrients and Signs of Their Deficiency in Rice within an Intensive Cropping System	525
Seed Processing	531
Hydroponics: Exploring New Frontiers in Green Fodder Production.....	537
Utilizing Nanotechnology: Opportunities and Obstacles	543

Editors: Prof. Pallavi Khatri and Mr. Abhishek Tripathi
