

SOET BTech
2020-2021

Event Name	Industrial Visit at Crompton Greaves Malanpur Gwalior M. P.
Duration	March 6, 2020 to March 6, 2020
Description	The department of ECE conducted an industrial visit for the students of ECE & EE. The visit was conducted at Crompton Greaves, Malanpur, on March 06, 2020 A group of nearly 30 students from the second and third year and two faculty staff (Dr. Sadhana Mishra and Mr. Bhupendra Dhakad) went for industrial visit. The purpose of this visit was to give the students a practical understanding of what is done in real life. This was the great opportunity for students to understand the practical implementation of what they are taught in class.
Coordinators	Sadhana Mishra, Department:EC Bhupendra Dhakad, Department:EC
Event Type	Industrial Visit-Industrial Visit
Audience	Faculty, Students,
Venue	None
Outcomes	It encourages innovative thinking and problem-solving by exposing them to real challenges faced by industries. It help students to enhance their interpersonal, communication skills, and teamwork abilities. During the industrial visits, the students get an opportunity to experience how professionals live, and learn about various management concepts like Just In Time or Lean manufacturing and how they are put into action. It is not easy to manage hundreds of skilled and unskilled workers at the same time and meet the stringent quality norms and production targets of the company. How managers, production engineers, and employees work in tandem to achieve a common target is a management lesson in itself. And therefore, such exposure during the industrial visit is quite beneficial
