## GENERAL COURSE STRUCTURE & THEME

### Definition of credits

S. No.	Components	Hours	Credit
1.	Theory	15	1
2.	Practical	30	1
3.	Project	60	1
4.	Internship	10	1

### Course code and definition

S. No.	Components	Definition
a.	GEC	Generic Elective Cluster
b.	AEC	Ability Enhancement Cluster
c.	SEC	Skill Enhancement Cluster
d.	IKS	Indian Knowledge System
e.	ITR	Summer Internship
f.	IDR	Dissertation/Research Report
g.	VAC	Value Added Course

**Generic Elective Cluster:** The Generic Elective Cluster consists of a group of interdisciplinary courses offered to students across different disciplines. These courses are designed to provide a broad-based education and help students explore subjects outside their core area of study. The purpose of the Generic Elective Cluster is to promote holistic education by encouraging students to gain knowledge and skills in diverse fields. This approach helps in the overall development of students by fostering critical thinking, creativity, and a well-rounded understanding of various subjects.

**Ability Enhancement Cluster:** The Ability Enhancement Cluster comprises courses aimed at improving students' fundamental abilities, such as communication, writing, analytical reasoning, and environmental awareness. These courses are essential for developing the core competencies needed for academic success and personal growth. They focus on enhancing students' basic skills that are crucial for lifelong learning and adaptability in various professional and social contexts.

**Skill Enhancement Cluster:** The Skill Enhancement Cluster includes courses specifically designed to equip students with practical and industry-relevant skills. These courses often focus on hands-on training, technical skills, and application-based learning. The objective of the Skill Enhancement Cluster is to prepare students for the work force by providing them with the skills

required in their chosen career paths. These courses bridge the gap between academic knowledge and practical application, thereby enhancing employability.

**Indian Knowledge System:** The Indian Knowledge System (IKS) courses focus on India's rich and diverse traditional knowledge systems. These courses cover various aspects such as philosophy, science, arts, culture, and heritage rooted in Indian traditions. The inclusion of IKS courses in the curriculum aims to foster an understanding and appreciation of India's intellectual and cultural heritage. It encourages students to connect with their roots and apply traditional knowledge in contemporary contexts, promoting a sense of pride and responsibility toward preserving and integrating this knowledge with modern education.

**Value-Added Course:** Value-added courses (VACs) are additional courses offered alongside the regular curriculum to provide students with extra knowledge, skills, and certifications that complement their main field of study. VACs are designed to enhance students' academic and professional profiles by offering specialized training or knowledge in specific areas. These courses are often short-term and focus on practical, industry-oriented skills, thus adding value to the students' overall educational experience and improving their employability.

**Note: The Field Project/Internship will be offered to B. Com (Honours) students, while the Dissertation/Research Project will be mandatory for B. Com (Honours with Research) students in the VII and VIII semesters.**

As per the academic structure aligned with the National Education Policy (NEP) 2020, the following provisions have been made for students pursuing the Bachelor of Commerce (B. Com) program:

### Field Project/Internship for B. Com (Honours):

B. Com (Honours) students must undertake a Field Project or Internship during the VII and VIII semesters. This component provides practical exposure and hands-on experience in a real-world business environment. The Field Project/Internship will enable students to apply the theoretical knowledge gained during their coursework to actual industry scenarios, enhancing their practical skills and professional readiness.

### Dissertation/Research Project for B. Com (Honours with Research):

For students pursuing the B. Com (Honours with Research) program, a Dissertation or Research Project will be an integral part of the curriculum in the VII and VIII semesters. This academic exercise will involve in-depth research on a chosen topic within the field of business administration. The Dissertation/Research Project will require students to demonstrate their ability to conduct independent research, analyze data, and contribute original insights to their study area. This component is crucial for students pursuing higher studies or careers in research and academia.
